

CREATE NODE-RED SERVICE

| | |
|--------------|---|
| TEAM ID | PNT2022TMID49266 |
| PROJECT NAME | GAS LEAKAGE MONITORING AND ALERTING SYSTEM FOR INDUSTRIES |

The screenshot displays the IBM Cloud Developer console interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and user information. Below this, the breadcrumb trail shows 'Resource list / App details /'. The main heading is 'Node RED BUOHT 2022-11-16' with an 'Add tags' link and an 'Actions...' dropdown menu. The 'Details' section lists the following information:

- App URL: <http://169.51.194.62:30438>
- Source: <https://us-south.git.cloud.ibm.com/haranmurthi204/NodeREDBUOHT2022-11-16>
- Resource group: Default
- Deployment target: Kube/Helm
- Created: 11/16/2022

Below the details, there's a 'Services' section. The bottom of the screen shows a Windows taskbar with various application icons and system tray information including the date and time (10:23 18-11-2022).

Thus Node-RED service is created successfully.
